

## GREK

design Oscar & Gabriele Buratti

Table available veneered or lacquered, composed of a supporting frame 12mm thick made in folding, in "sandwich" of MDF and aluminium-sheet pressed and glued together. Case structure in MDF 14mm thick, and frontal panel 30mm thick, with integrated pull-out drawer with mechanism "push&pull" on BLUM® runners.

**Veneered version:** only the top part of the supporting frame is veneered, in charcoal dyed oak or Stone Oak®, with acrylic painting finish; edge, bottom and drawer case always finished in matt black liquid painting.

**Lacquered version:** supporting frame, edge, bottom and drawer case finished in matt black liquid painting. Floor support secured by adjustable black PVC tips.

### Structure

Matt Black

Charcoal-dyed  
Oak

Stone Oak®

### Technical Drawings

### Notes

Stone Oak®: this wood owes its particular coloring to an entirely natural process. Because of this, some slabs may look more brown than others. Our commitment is to provide you a high quality product; any differences in color should not be considered as defects.

On request an additional protective (acrylic solvent) painting is available for the Stone Oak® finishing only. It should be noted that this additional coating slightly changes the natural color and texture of the surface. Although this supplementary painting increases the surface resistance, it is still a natural material; therefore small superficial stains, due to oil or other substances, have to be promptly removed, before being absorbed in depth by the wood. Thus, we recommend regular care and maintenance.
